Hi Dave,

As far as I know, the TT sharepoint site is still functional, so if the report is coming in shortly that may still work.

I do not want a disc for the same reason as I stated in my previous email.

If it's just the OU-3 RI Report, then I don't mind if it is submitted via a CD, but it's still not my preference.

One word of caution: I would guess that the total file size for this report may exceed a single disc storage capability (800 Mb).

Thanks,  
Jeryl

We are in the process of changing contractors to host the document site as we are losing Tetra Tech as a contractor and as ARC has declined to host the site.

So for the OU3 report I would prefer that once we've determined who receives electronic copies that those recipients receive a disc.

Once the new doc site is up and running we can revisit the issue.

Thanks.

Dave (BLM) and Jeryl-

Is accessing the EPA website sufficient, or would you like RI Report on CD?

And, Jack, as I have stated previously, NDEP also prefers to receive electronic copies only.

Thanks,  
Jeryl

Jack, now that BLM has established an electronic admin record, I would prefer receiving data electronically, rather than in paper from now on.

Dave,

I left you a voicemail on this also. Following up on our earlier conversations, have you been able to reach out to stakeholders that typically receive hard copies to see if they truly need hard copies of this draft? Currently we have the following list of stakeholders that would get a paper copy:

Dave Seter  
Dave Davis  
Jeryl Gardner  
Chairwoman McFalls  
Cynthia Ocegura  
Peggy Pauly  
Chairwoman Thom  
Ginny Hatch  
Ken Green  
John McMillan  
Dietrick McGinnis  
Taurus Massey  
Lyon County Library

Others on the distribution list receive electronic copies. We would like to send this report. Please advise.  
Thanks,
